

ELKHART MAN SAYS VICTORY WAS COMPLETE

Retired Blacksmith Tells of
of Remarkable Relief That
Tanlac Brought for
Him.

FEELS GRATEFUL TO
THIS NEW PREPARATION

"I Really Feel Forty Years
Younger Now, Since I Took
Master Medicine," He
Says.

ELKHART, Ind., May 1.—George H. Mann, 75, a retired blacksmith of 315 Curtis building, has been a resident of Elkhart for many years and is widely known throughout the city. Here is what he says of Tanlac, the celebrated new medicine:

"I was so nervous that I couldn't lift anything to my lips without spilling part of it. In fact, my entire system was all run down. My stomach was out of order and my blood was in bad condition. I had very little appetite and the small amount of food that I ate seemed to cause gas formations in my stomach and made me feel bloated. I was bothered with boils, at times, due to bad blood. It really seemed that none of my organs worked properly."

"I read in the newspapers a statement of one of my neighbors, who spoke so highly of Tanlac, and I decided to try it. I really feel almost forty years younger now. The nervousness is a thing of the past, my blood has been purified so that I'm not bothered with boils and more, I have a hearty appetite and the food seems to digest properly. Tanlac certainly has proven a boon in my case and I intend to continue using the medicine."

Tanlac is being introduced and explained in South Bend at P. Adv.

STUBBORN ECZEMA HEALED BY AMOLOX

The New Discovery for the Relief
and Cure for Chronic Skin
Diseases.

We are daily receiving letters of praise from people who have been cured by Amolox. Many of them tell how, for years, they have tried different remedies and doctors in the vain effort to find relief. Some became discouraged and lost all hope of ever being cured. E. R. Fries, 187 Sycamore St., Mansfield, O., writes: "Our baby's face was covered with eczema scales, sores and sores. She was a pitiful sight. We tried everything. Took her to Pittsburgh doctors but were unable to find any relief until we used Amolox. It cured her within a short time."

Amolox Ointment alone will quickly banish pimples, blackheads and take out all redness of the skin. It cures all cases of skin disease. Bad, chronic cases of Eczema, Psoriasis, Tetter, that have lasted for years, are cured by Amolox when both ointment and liquid are used. Trial size 50c. Chas. Conley & Co. Drug Store, of South Bend, agents. Amolox will refund the money if it fails to give satisfaction.

If Too Fat Get More Fresh Air

BE MODERATE IN YOUR DIET AND
REDUCE YOUR WEIGHT. TAKE
OIL OF KOREIN

Lack of fresh air, it is said, weakens the oxygen-carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the organs is hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Fat put on by indoor life is unhealthy, and if nature is not assisted in throwing it off a serious case of obesity may result. When you feel that you are getting too stout take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unhealthful and unhealthy fat.

Spend some time daily in the open air; breathe deeply, and get from any drug-gist a small box of oil of korein capsules; take one after each meal and one before retiring at night. Also follow the simple directions that come with the box.

A testing supply of oil of korein capsules, with interesting book, will be mailed free (in plain envelope) if you write to Korein Company, 238 A. Arcade, East 28th Street, New York, N. Y.

Weight yourself every few days and keep up the treatment until you are down to normal. Oil of korein is absolutely harmless, is pleasant to take, helps the digestion, and even a few days' treatment has been reported to show a noticeable reduction in weight. Adv.

TODAY'S BEAUTY TALK

You can enjoy a delightful shampoo with very little effort and for a very trifling cost, if you get from your druggist a package of canthox and dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair. Instead of just the top of the head, your shampoo is now ready. Just pour a little at a time on the scalp and hair until both are entirely covered by the daintily perfumed preparation, that thoroughly dissolves and removes every bit of dandruff, excess oil and dirt. After rinsing, the hair dries quickly, with a fluffiness that makes it seem heavier than it is, and takes on a rich luster and a softness that makes arranging it a pleasure. Adv.

Belgium to Get War Loan Of About \$150,000,000

WASHINGTON, May 1.—In addition to loans to France and Italy, totalling between \$200,000,000 and \$300,000,000, the United States will soon make a loan to Belgium, the amount of which is yet to be determined. Unofficial estimates of the size of the Belgian loan place it at approximately \$150,000,000.

Administration officials have been in a receptive mood toward an application for a Belgian loan ever since the war finance measure became a law, but formal application for a loan was not made until Monday, when the Belgian minister, Baron De Cartier, called upon Sec'y McAdoo and placed before him tentative estimates as to the relief desired.

Sec'y McAdoo and Assistant Sec'y Crosby discussed details with the minister for more than three hours. The tentative estimate was not divulged but it is understood that it contains provision for meeting, in part, the Belgian government's needs in maintaining a large number of refugees domiciled in France, in addition to requirements of a military nature.

Further conferences will be held before the estimate of Belgian needs is placed in final form for consideration. There is said to be a wide divergence between the first estimates of the various entente governments as to their requirements and their final estimates made after a process of elimination during conferences with treasury department officials.

KINDIG FUNERAL TO BE HELD WEDNESDAY

Wealthiest Goshen Woman
Noted For Her Disposition
to Help Others.

News-Times Special Service:
GOSHEN, Ind., May 1.—Funeral services for Mrs. Laura A. Kindig, who was known as the wealthiest woman in Goshen, will be held at the First Baptist church Wednesday afternoon at 3 o'clock. Rev. Kinnet officiating. Burial will be in Oak Ridge cemetery.

Spent Little Money.

One peculiar characteristic of Mrs. Kindig's life for more than the last 10 years was that she spent very little money for her individual benefit, but never hesitated to help others. She lived alone until her condition became such it was necessary to have a nurse with her at all times. She paid total taxes in excess of \$1,500 annually and it is said that this sum is about one-third of her annual income.

About 15 years ago Mrs. Kindig made a will, in which she disposed of her belongings to benevolent institutions and to her relatives. It is reported the home property, covering a quarter of a block opposite the post office, is to be given over to a school for women and girls and that Franklin college at Franklin, Ind., a Baptist institution, is remembered to the extent of \$10,000. Mrs. Kindig reasoned she wanted to do something for educational institutions, especially those in which women and girls are educated. She explained this desire by saying that when a girl she had not been in position to get a high education and that in going through life she had realized that learning for women and girls is very essential.

SENATE VOTES ENEMY SHIPS SEIZED BY U. S.

WASHINGTON, May 1.—By unanimous vote the senate passed a resolution Monday night providing for transfer to the American government of title and possession of enemy ships in American ports and their use in commerce under direction of the shipping board.

FOOD MEASURES ARE INTRODUCED

Congress is Asked For \$25,000,000 to Control Situation During War.

WASHINGTON, May 1.—The administration's food control legislation was introduced Monday in both houses of congress.

In the house Chairman Lever of the agriculture committee, offered a bill to give the agricultural department direct supervision of food production and distribution. The program was put before the senate in a resolution by Sen. Gore, chairman of the senate committee.

The measures proposed do not cover price fixing or control of grain entering into the manufacture of liquors. Both these subjects will be dealt with in measures to be drawn later.

Twenty million dollars is asked for the agricultural department's in administering the program. The legislation calls for an immediate survey of the country's food resources and confers power on the department to prevent speculation and price manipulation. It would provide for equitable distribution and would suspend the law prohibiting the mixing of flour. It would establish and enforce standards for agricultural products and for fertilizers.

Powers are Broad.

Under the measures asked, the secretary of agriculture could, if the government thought it necessary, license or operate any business of manufacture, storage or distribution of food, food materials or seeds. He could compel concerns so licensed to loose hoarded stocks of foods, to refrain from unjust or discriminatory practices or charges and could force them to exact fair prices only.

The federal trade commission, directed by Pres't Wilson to investigate with the agricultural department the causes of high food prices, started its inquiry Monday with a hearing at which representatives of state food commissions told of food conditions throughout the country. In outlining the purposes and scope of the inquiry, members of the commission declared their first aim would be to remedy unlawful and uneconomic conditions. They will work in close co-operation with the agricultural department, giving particular attention to violations of anti-trust laws in food distribution.

Forty states were represented at the conference and four governors attended in person. Milliken of Maine, Frazier of North Dakota, Beeckman of Rhode Island, and Harris of Georgia. Many of the representatives blamed high prices on middlemen and on poor transportation methods. Some thought there was no actual food shortage and deplored the publicity given to reports of a poor wheat crop. Hoarding by housewives and others, they said, had taken much food from the markets and had added to a general hysteria.

Gov. Frazier declared there was something wrong with distributing systems when farmers last fall received less than one dollar a bushel for potatoes and saw them sold at retail this spring at more than \$3.

A. E. Reynolds, a grain dealer representing Indiana, said a shortage of railroad cars was largely responsible for high wheat prices. Great quantities of wheat, he said, were in storage at points in the United States while other places were paying as much as 15 cents a bushel above the market price because they were unable to get an adequate supply.
